

Door hanger Canva export checklist

Export for print, not for a social post.

FREE GROUND SHIPPING

In Canva

- Set the exact size the CheapFAST door-hanger form sells.
- Turn on guides. Keep important type away from the knob hole.
- Extend background color past the trim for bleed.
- Export PDF Print. Flatten text. Do not send a PNG as the final.

Before you upload

- Compare the Canva size to the live form size chip.
- Open /print/mail/door-hangers/ and quote the packed total.
- Ground is FREE. Air is the only extra ship dollar.
