

Hang tag hole placement checklist

Punch first in the layout. Then pick a size the form sells.

FREE GROUND SHIPPING

Layout checklist

- Measure the garment placket before you pick a tag size.
- Default hole: center top, with 0.25 inch clear around the punch.
- Keep logos, phones, and QR codes off the hole.
- Do not upload a 2x3.5 card file and hope the barb misses the name.
- Fold-over tags are a different construction.
- String / pins only if the hang-tag form sells them.

Order path

- Open </print/cards/hang-tags/> and read the live packed total.
- Ground shipping is FREE inside the print number on CheapFAST.
- Download the hang-tag guideline for the size you billed.
